FRENCH-AMERICAN SCHOOL OF NEW YORK *LYCÉE FRANCO-AMÉRICAIN DE NEW YORK*

MISSION: FASNY develops globally literate, multicultural lifelong learners through a unique program that integrates French, American and International curricula. We educate students to understand, contribute to and thrive in an interdependent world. FASNY holds its students to the highest standards of academic excellence, supports them in their personal development and fosters a spirit of inquiry, service, and social responsibility to the environment and the global community.

FASNY AT A GLANCE

- Founded in 1980
- Approximately 850 students enrolled from nursery through grade 12
- Prior to 2007, FASNY’s program extended only through the 10th grade; the first 12th graders graduated in June 2009
- Over 50 different nationalities represented
- 9:1 student to teacher ratio
- A typical school day begins at 8:20 am and ends between 3:40 and 5:30 pm; students are in class between 32 and 37 hours per week depending on their academic concentration
- FASNY is a bi-lingual school: some academic subjects are taught in English and others are taught in French
- Approximately 50% of FASNY students matriculate at universities in the U.S., 30% to universities in Canada, and 20% to universities in Europe
- All FASNY students are required to do 50 hours of community service before graduation

GRADING

FASNY courses vary in number of class hours and difficulty. Therefore, FASNY chooses neither to compute overall GPA’s nor to rank students. FASNY uses the French grading scale, which ranges from 0-20. The school year is divided into trimesters. Report cards written in French are issued in December, March, and June. An American transcript is provided for students applying to U.S. colleges and universities. The French number scores are converted to letter grades according to the conversion values in the table below.

15-20=A+	14=A	12=B+	10=B-	8=C	6=D+	4=F
	13=A-	11=B	9=C+	7=C-	5=D	

For each school year, students with an average over 12.5 receive an Honors designation. Students with an average over 14 are awarded a High Honors designation. Students with an average of 16 and above are awarded Highest Honors.

SAT RESULTS FOR THE CLASS OF 2017

National Means are provided by the College Board for the 2016-2017 college bound seniors.

	National Mean	FASNY Mean
Evidence-Based Reading and Writing	538	641
Mathematics	533	630

FRENCH BACCALAUREATE and INTERNATIONAL BACCALAUREATE RESULTS

Results of the French and the International Baccalaureate exams continue to reflect FASNY’s tradition of academic excellence with a 100% success rate in student achievement of both diplomas. As a reference point, the success rate on the International Baccalaureate is 79% globally, with 94% of FASNY IB students graduated this year with a bilingual International Baccalaureate Diploma, versus 22% globally. In addition, 32% of FASNY students in the French Bac track passed with Highest Honors (Mention Très Bien), 28% with High Honors (Mention Bien), and 23% with Honors (Mention Assez Bien).

ACADEMIC OFFERINGS

The French Baccalaureate

The French Baccalaureate is a rigorous academic curriculum established by the French Ministry of National Education. Students sit for national examinations at the completion of the 11th and 12th grades. Each examination contains a series of essays requiring significant in-depth analysis. Students also take between two and four oral examinations. The Bac encompasses between 17 and 32 hours of testing.

FASNY students must choose between two Bac concentrations: the Economics and Social Sciences (ES) concentration and the Sciences and Mathematics (S) concentration.

The International Option of OIB (Option Internationale du Baccalaureat) is offered to FASNY students who are fluent in English. This program provides a rigorous curriculum in English literature and an integrated history/geography course of study taught by American faculty.

The International Baccalaureate

The International Baccalaureate Program is a challenging and innovative program that is recognized worldwide. Its mission is to “develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.” FASNY began offering students the IBDP in the 2015-2016 school year. The first cohort of IB students graduated in 2017. FASNY IB students take 3 courses at the higher level and 3 courses at the standard level. The majority of the students graduate with a bilingual IB diploma.
